

MEDICAL ACADEMIC CENTER

presents:

What's LEFT and RIGHT About Our Healthcare:

DEBATE FORMAT

What a red Congress and Trump mean to healthcare in America

THURSDAY, APRIL 27, 2017

DINNER/REGISTRATION 5:15 PM - 6:00 PM

DEBATE 6:00 PM - 9:00 PM *Video streaming is available.*

MEDICAL ACADEMIC CENTER (13225 N. Meridian, Carmel IN 46032)

Free swag bag for the first 50 individuals who register for attending in person.

OBJECTIVES Participants will learn the following:

1. Affordable Care Act and changes to it; how those changes could affect the American people and your practice
2. How replacing Obamacare affects the current insurance market
3. The ACA and does this affect Medicare
4. Understand cost containment

FACULTY

David Orentlicher, MD, JD is a Samuel R. Rosen Professor and Co-Director of the Hall Center for Law and Health at Indiana University Robert H. McKinney School of Law, where he specializes in health care law and constitutional law. A graduate of Harvard Law School and Harvard Medical School, Dr. Orentlicher previously has taught as a visiting or adjunct professor at Princeton University, University of Chicago Law School, and Northwestern University Medical School.

Jane Orient, MD serves as the Executive Director of the American Association of Physicians and Surgeons (AAPS). She received her medical degree from Columbia University College of Physicians and Surgeons and completed an internal medicine residency at Parkland Memorial Hospital and University of Arizona Affiliated Hospitals. She has authored over 200 papers and five textbooks, including: *Your Doctor Is Not In: Healthy Skepticism About National Healthcare*, *Sutton's Law*, *Neomorts*, *Moonshine* and the second through fourth editions of *Sapira's Art and Science of Bedside Diagnosis*.

Moderator: John Kunzer, MD, MMM is SVP, Regional Physician Executive for Community Health Network. John oversees the delivery of care for Community Health Network's East Region. Dr. Kunzer has gained a reputation as a trusted physician leader who has helped build care models to improve quality outcomes and patient satisfaction.
